

# Guaranteed zero interference

With DECT digital technology

This digital technology provides a secured, private connection, because you want to be the only one listening to your baby. Automatically chooses an unused channel and switches as it detects another device using the same channel.

## Complete peace of mind

- Remotely monitor the baby's room temperature.
- Guarantees zero interference from any other device
- Indicates a continuous connection between the two units.
- Provides the ability to allow you to talk back to the baby
- Uses lights to indicate if the baby makes noise.

## Ultimate mobility in and around the house

- Travel pouch protects units while travelling.
- The neck cord provides hands-free convenience and mobility.
- Rechargeable parent unit for minimum 24 hours of monitoring.
- Small, mobile parent unit to freely roam around the house.
- 300M range ensures secure reception in and around the house.

## Soothing words

- Comforts the baby in the dark with soothing stars
- Five lullabies soothe baby to sleep
